Education

Gregory University Uturu (GUU), Abia State, Nigeria — B.Sc. Computer Science (2022-2026)

Specialization: Cloud Computing

Final Year Project: AERO (Autonomous Edge-Resilience Orchestrator) — a predictive network failover system for hybrid cloud environments, built with Flask, Mininet/Ryu SDN, a Random Forest classifier, and a real-time monitoring dashboard (vis.js, Chart.js).

Technical Skills

Languages: Python, JavaScript

Frameworks & Libraries: Django, Flask, React, Node.js

Cloud & Systems: Cloud computing fundamentals, virtual machine-based network simulation (VirtualBox, Ubuntu Linux), Software-Defined Networking (Mininet/Ryu)

Tools & Platforms: VS Code, GitHub, Tableau, Canva

Design: UI/UX Design, Graphics Design

Experience

New Horizon Solutions — Ekere, Port Harcourt, Nigeria

Jul 2025 – Dec 2025

Full-Stack Developer (Internship)

- Built and maintained full-stack web applications, working across frontend and backend development.
- Gained hands-on exposure to cloud computing concepts, deployment workflows, and infrastructure practices.

Gregory University Uturu (GUU)

Aug 2024 – Dec 2024

Data Science & Computer Hardware Technology (Internship)

- Worked on data science tasks including data analysis and reporting.
- Gained practical grounding in computer hardware technology fundamentals and systems troubleshooting.

Certifications

Cisco Networking Academy — Get Connected (2021)

Jobberman / Mastercard Foundation — Building Careers for Workplace Success Training (2026)

La Plage Meta Verse (LPMV):

- Artificial Intelligence for International Human Resource Managers (Level 1)
- Artificial Intelligence for Public Service Officials (Level 1)
- Artificial Intelligence for Healthcare Practitioners (Level 1)
- International Customer Service for Managers (Level 1)
- Emotional Intelligence (Level 1)
- Climate Change and Renewable Energy (Level 1)
